BE IT NOW ORDAINED by the Board of County Commissioners of Franklin County, Indiana:

Section 1: Short Title

This Ordinance shall be known and maybe cited as the "Transportation Emergency Ordinance of Franklin County, Indiana".

Section 2: Intent of Ordinance

This Ordinance is intended to provide a means of alerting residents and others within the County of poor driving conditions, and what is expected of them regarding their driving and or parking on roadways within the County while such conditions exist.

Section 3: Definitions

For the purpose of this Ordinance, the following definitions shall apply unless the context clearly indicates or requires a different meaning:

- A. "Commissioners": The Board of Commissioners of Franklin County, Indiana.
- B. "Roadway": The entire width between the boundary lines of the rights of way of every county maintained roadway when any part thereof is open to the use of the public for purposes of vehicular travel in the unincorporated areas of Franklin County, Indiana.
- C. "Snow Emergency": A transportation emergency caused by winter weather conditions including ice, freezing rain, sleet, snow, blowing and drifting snow and/or blizzards; a condition declared to be such by the Board of Commissioners of Franklin County, Indiana or their authorized representative. Snow Emergencies include the following levels:
 - (1) Level 1: County roadways are hazardous with blowing and drifting snow. Roads may also be icy. Driving should be with caution.
 - (2) Level 2: County roadways are hazardous with blowing and drifting snow. Only those who feel it is necessary to drive should be using county roadways. Employees should contact their employers to determine whether or not to report to work.

- (3) Level 3: All county roadways are closed to non-emergency personal. No one should be using county roadways unless it is absolutely necessary to travel. All employees should contact their employers to determine if they should report to work. Those traveling on county roadways may subject themselves to fines, penalties, other prosecution.

D. "Transportation Emergency": An actual or impending situation which presents hazardous conditions for the normal use of roadways caused by or resulting from accumulation of ice, freezing rain, sleet, snow, blowing and drifting snow, blizzards, flooding or high water, wind-caused damage, roadway damage or other hazardous event, a condition declared to be such by the Board of Commissioners of Franklin County, Indiana or their authorized representative to regulate the operation and/or parking of motor vehicles during such emergencies.

E. "Transportation Warning": An advisory communication issued to warn motor vehicle operators of conditions which present a hazard to normal operation of motor vehicles on roadways. A transportation warning maybe issued for a hazardous event which effects the normal use of roadways as determined by the Franklin County Sheriff, the Franklin County Highway Superintendent and/or the Franklin County Emergency Management Director, but does not impose any restriction on travel or parking of motor vehicles, other than those normally required by Law.

Section 4: Transportation Warning

Whenever the Franklin County Sheriff, the Franklin County Highway Department Superintendent, or the Franklin County Emergency Management Director, or their respective designees find, on the basis of existing conditions of ice, freezing rain, sleet, snow, blowing and drifting snow, high water or damage debris on roadways or other conditions which may present hazardous situations to the normal operation of motor vehicles on roadways, and that operators of motor vehicles need to be aware of said conditions to maintain safe operation of their motor vehicles, then the Sheriff, Superintendent, or EMA Director or their respective designees, on consultation and agreement among themselves, may cause to be issued a Transportation Warning for parts of or all roadways within the County as determined necessary. Transportation Warnings may be issued for hazardous conditions which do no warrant an immediate emergency declaration by the Commissioners.

A. The Sheriff, Superintendent, or EMA Director shall cause each warning issued by them pursuant to this ordinance to be publicly announced by means of broadcasts from radio stations located within and with a normal operating range covering Franklin County, Indiana. They may cause the warning to be further announced in newspapers of general circulation when feasible. Each warning shall describe the situation threatening motor vehicle operation on roadways, the time the warning will become effective and shall specify the roadways or area affected.

B. Whenever the Sheriff, Superintendent or EMA Director or their designees find that some or all of the conditions which give rise to a Transportation Warning being issued no longer exist, they may terminate the warning, in whole or in part. Such termination shall be announced in the same manner required to issue the

original warning and shall become effective upon announcement.

C. No unusual restriction or prohibition on the parking of motor vehicles or on the operation of motor vehicles upon roadways shall be imposed or implied under a transportation warning.

D. A Transportation or Snow Emergency declared by the Commissioner's pursuant to this Ordinance will supercede a Transportation Warning issued for the same causative event and same roadways or area.

Section 5: Prohibition of Parking on Roadways

Whenever the Commissioners declare any transportation or snow emergency or invoke any transportation or snow emergency classification described in this Ordinance or otherwise determine that existing or expected weather conditions or other hazardous situations will make it necessary that motor vehicle traffic be expedited or prohibited and that parking on county roadways be prohibited or restricted for snow plowing, debris removal, access for emergency vehicles, evacuation or other emergency purposes, the Commissioners shall put into effect a parking prohibition on parts of or all roadways as necessary by declaring a transportation or snow emergency. The parking prohibition shall become effective concurrently with the transportation or snow emergency declaration.

Once in effect a prohibition under this Section shall remain in effect until the transportation or snow emergency is terminated by the Commissioners. While the prohibition is in effect, no person shall park or allow to remain parked any vehicle on any portion of a roadway to which the transportation or snow emergency applies. Nothing in this Section shall be construed to permit parking at any time or place where it is forbidden by any other provision of law.

Section 6: Stalled Vehicles during Transportation or Snow Emergency

Whenever a vehicle becomes stalled for any reason on any part of a roadway on which a transportation or snow emergency or parking prohibition is in effect, the person operating the vehicle shall take immediate action to have the vehicle towed, removed, or pushed off the roadway. No person shall abandon or leave his or her vehicle in the roadway except for the purpose of securing assistance during the actual time necessary to telephone or go to a place of assistance (garage, gasoline station, etc.) and return without delay.

Section 7: Removal, Impounding and Return of Vehicles

A. Employees of the Franklin County Sheriff's Department and Franklin County Highway Department are authorized to remove or have removed a vehicle from a roadway to the nearest garage or other place of safety, including another place on a roadway, or to a garage designated or maintained by the Sheriff's Department, Highway Department or facility maintained by Franklin County, when;

- (1) The vehicle is parked on a part of a roadway on which a transportation or snow emergency or parking prohibition is in effect;
- (2) The vehicle is stalled on a part of a roadway on which there is a

transportation or snow emergency in effect and the person who was operating the vehicle does not appear to be removing it in accordance with the provisions of this Ordinance and the vehicle presents a hazard to traffic flow, snow or debris removal or other emergency operations; or

- (3) The vehicle is parked in violation of any parking ordinance or provisions of law and is interfering or about to interfere with snow or debris removal or any other emergency operations.

B. Whenever the Sheriff's Department or Highway Department removes or has removed a vehicle from a roadway as authorized in this Section and the Sheriff's Department or Highway Department knows or is able to ascertain from the registration records in the vehicle the name and address of the owner thereof, the Sheriff's Department or Highway Department shall immediately attempt to give or cause to be given notice in writing to the owner of the fact of the removal and the reasons therefore and of the place to which the vehicle has been removed. In the event any vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage.

C. Whenever the Sheriff's Department or Highway Department removes or has removed a vehicle from a roadway under this Ordinance and does not know and is not able to ascertain the name of the owner, or for any other reason is unable to give the notice to the owner as hereinbefore provided, and in the event the vehicle is not returned to the owner within a period of three (3) days, the Sheriff's Department or Highway Department shall immediately send or cause to be sent a written report of the removal by mail to the Bureau of Motor Vehicles whose duty it is to register motor vehicles, and shall file a copy of the notice with the proprietor of any public garage in which the vehicle may be stored. The notice shall include a complete description of the vehicle, the date, time and place from which removed, the reason for the removal, and the name of the garage or place where the vehicle is stored.

D. No person shall recover any vehicle removed in accordance with this section except as provided herein. Before the owner or person in charge of the vehicle shall be allowed to recover it from the place where it has been placed or impounded, he shall present to a member of the Franklin County Sheriff's Department or authorized towing service evidence of his or her identity and right to possession of the vehicle, shall sign a receipt for its return and shall pay the cost of removal plus and costs of storage accrued. Until paid, these charges constitute a lien on the vehicle which may be enforced in conformance with IC 32-8-31-5 or IC 9-9-5-6.

E. It shall be the duty of the Sheriff's Department and/or Highway Department to keep a record of each vehicle removed in accordance with this Section. The record shall include a description of the vehicle, its license number, the date and time of its removal, where it was removed from, its location, the name and address of its owner and last operator, if known, its final disposition, and the parking violation involved. The towing service authorized by the Sheriff's Department and/or the Highway Department will obtain said record for each vehicle removed by the towing service for which a Sheriff's Department Vehicle

Tow in card is not provided. The authorized towing service shall provide said records to the Sheriff's Department for each vehicle so removed.

F. To facilitate the removal of abandoned vehicles pursuant to this Ordinance; the Sheriff's Department or Highway Department may enter into towing contracts or agreements for the removal and storage of abandoned vehicles.

G. Neither the owner, lessee, or occupant of the property from which an abandoned vehicle is removed nor the Highway Department, County Commissioners or Sheriff's Department, authorized towing service, or automobile scrap-yard shall be liable for any loss or damage to any vehicle occurring during its removal, storage or disposition. The Franklin County Highway Department nor any employee of the department nor any private contractor engaged by the department shall be held liable for any loss or damage to any vehicle which is parked, stalled or abandoned on a roadway with such damage occurring during snow or debris removal operations.

H. This section shall be supplemental to any others provisions of law granting members of the Sheriff's Department authority to remove vehicles.

Section 8: Citation on Vehicle

Whenever any motor vehicle without a driver is found parked or left in violation of any provision of this Ordinance, and is not removed and impounded as provided for in this Ordinance the officer of the Sheriff's Department finding the vehicle may take its registration number and any other information displayed on the vehicle which may identify its user, and shall conspicuously affix a traffic summons to the vehicle in the manner and pursuant to the same procedures applicable to the issuance of other traffic violations.

Section 9: Evidence with Respect to Vehicle Parked or Left in Violation

In any prosecution with regard to a vehicle parked or left in a place or in a condition in violation of any provision of this Ordinance, prove that the particular vehicle described in the complaint was parked or left in violation, together with proof that the defendant named in the complaint was at the time the registered owner of the vehicle, shall constitute proof that the defendant named in the complaint was at the time the registered owner of the vehicle, shall constitute prima facie evidence that the defendant was the person who parked or left the vehicle of this Ordinance.

Section 10: Action Required from Utility Companies to Remove Damages Utility System Components from Roadway

Whenever employees of the Franklin County Highway Department or Franklin County Sheriff's Department find the property of a utility company, including utility poles, utility structures transmission or distribution wires, guy wires, transformer, regulators, meters or other appurtenances are damaged and are obstructing, interfering or about to interfere with roadway travel, snow or debris removal operations or other emergency operations, they shall cause the appropriate utility company operator to be notified of the obstructing property. The utility company operator is expected to take immediate and necessary action to render such property or components safe and to facilitate removal of such property or components from the roadway as

follows:

- A. A knowledgeable employee will be dispatched to each reported site where damaged utility property obstructs roadways in a timely manner.
- B. The employee will take necessary steps to de-energize the affected damaged utility system or otherwise render the damaged system safe for the removal of components with obstruct roadways.
- C. When the affected damaged utility system is de-energized or otherwise rendered safe, the employee or utility operator will report this information to the Franklin County Highway Department and/or the Franklin County Sheriff's Department and will coordinate any further debris clearance procedures as required.

Section 11: Declarations of the Commissioners

The Board of Commissioners of Franklin County, Indiana may declare one (1) of the two transportation or snow emergency classifications as set forth in Section 3 based upon recommendations and situation reports provided by the Franklin County Sheriff, the Franklin County Highway Department Superintendent and/or the Franklin County Emergency Management Agency Director or their respective designees. Once declared, the transportation or snow emergency classification may be up-graded, downgraded, extended or terminated by action of the commissioners.

The Commissioners shall cause each declaration made by them pursuant to this Ordinance to be publicly announced by means of broadcasts from radio and television stations located within and with a normal operating range covering Franklin County, Indiana. They may cause the declaration to be further announced in the newspapers of general circulation when feasible. Each announcement shall describe the action taken by the commissioners, including the time it became or will become effective, and shall specify the roadways or area affected. A transportation emergency shall go into effect when designated.

Section 12: Termination of Transportation Emergency by the Commissioners

Whenever the Commissioners find that some or all of the conditions which give rise to a transportation or snow emergency no longer exist, they may declare the emergency terminated, in whole or in part, in a manner prescribed by this Ordinance, effective immediately upon announcement.

Section 13: Provisions Temporarily Effective to Take Precedence

Any provision of this Ordinance which becomes effective by declaration of the Commissioners or upon occurrence of certain weather or hazardous conditions shall, while temporarily in effect, take precedence over other provisions of law normally in effect, except that it shall not take precedence over provisions of law relating to traffic accidents, emergency travel of authorized emergency vehicles, or emergency traffic directions by a Law Enforcement Officer.

Section 14: Penalty and Jurisdiction

Violations of any of the provisions of this Ordinance shall be punished by a fine of not more than \$500.00, and maybe prosecuted in any Court of competent jurisdiction within the County.

Section 15: Severability

If any section or sub-section, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by any Court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions hereof.

An Ordinance concerning Tattoo Parlors and Body Piercing Facilities

IT IS ORDAINED BY THE BOARD OF COMMISSIONERS OF FRANKLIN COUNTY, INDIANA, as follows:

Section 1: Tattoo parlors and body piercing facilities shall be operated in accordance with this ordinance and 410 IAC 1-5.

Section 2: Sanitary operation of Tattoo Parlors and body Piercing Facilities: All places, individuals and businesses that offer to affix any type of permanent tattoo, or perform body piercing to a person shall be regulated by this Ordinance and shall maintain the premises in which tattoos and body piercings are to be performed and equipment used in the processes in a sanitary manner.

Section 3: The term tattoo refers to any indelible design, letter, scroll, figure, symbol, or other mark placed on a person's body with the aid of needles or other instruments, or any design, letter, scroll, figure or symbol done by scarring upon or under the skin, or any piercing of the mucous membranes or the skin through which needles or other items are inserted for temporary or permanent placement upon a person. Body piercing refers to the perforation of any human body part, other than a person's earlobe, for the purpose of inserting jewelry or other decoration or for some other non-medical purpose.

Section 4: All tattoo parlors and/or body piercing facilities shall have hand washing facilities in each tattooing and/or body piercing station. Each hand washing facility shall have a sink with an approving running water source, soap, and single use towels. The sink shall be separate from the public restroom facilities.

Section 5: Operators shall keep disinfection and sterilization equipment in an area that is not accessible to the public; monthly spore testing of sterilization equipment, including autoclave equipment, must be submitted to the Franklin County Health Department by the 15th of each month.

Section 6: Operators shall maintain records of each patron with the following information:

Name
Age, with date of birth
Date tattooed or pierced
Design of tattoo
Location of tattoo or piercing
Name of artist
Jewelry or other decoration used

Section 7: Operators shall verify the age of any customer by driver's license or state issued

identification card, and shall maintain a copy of such verified identification in the customer's permanent records

Section 8: Operators shall require all tattoo artists and/or body piercers to show proof of having received the hepatitis B vaccination or proof of having declined said vaccination by signing a waiver.

Section 9: Personal protective equipment shall be readily available. Disposable gloves shall be worn during the tattooing and/or body piercing process.

Section 10: Inspection of Tattoo and/or body Piercing Facilities: The Franklin County Health Department shall perform an inspection of the facility prior to issuing an annual permit.

Section 11: Permit and Permit Fees:

- (a) No person may operate a tattoo parlor and/or body piercing facility without obtaining a permit. Such a permit shall be posted in a conspicuous place at the facility. The permit shall be in effect on the date of issuance and shall be renewed annually.
- (b) The permit fee shall be Three Hundred (\$300.00) Dollars annually, payable at the time of inspection and/or permit issuance.
- (c) An additional fee of One Hundred Dollars (\$100.00) shall be imposed when a facility is opened without obtaining a permit.
- (d) Temporary or mobile tattoo parlors and/or body piercing facilities are prohibited.
- (e) No permit obtained under this ordinance may be transferred to another person, entity, or location. No refund shall be issued for any unused period of the permit.

Section 12: Closure of Tattoo Parlors and Body Piercing Facilities: Tattoo Parlors and body piercing facilities may be closed when any of the following occur:

- (a) Proper hand washing sink not provided at each station.
- (b) Conditions exist that present an imminent threat to public health or transmission of a communicable disease.
- (c) Three or more occurrences of the conditions described in this Ordinance occur within a twelve (12) month period.
- (d) Services provided to any person under the age of eighteen (18) years without written parental consent.

Section 13: Notice of Closure of Facility: The Health Officer, upon findings as set forth in Section 12 above, shall notify the tattoo parlor or body piercing facility in writing of the nature of their violation, and shall post a written notice notifying the public that the parlor or facility has been closed. A parlor or facility operating after receiving notice of closure may be fined at an amount not to exceed Two Thousand (\$2,000.00) Dollars.

Section 14: Services to Minors Prohibited: No tattoo parlor or body piercing facility shall provide services to any person under the age of Eighteen (18) years, without the

written consent of the person's parents or legal guardian; such written consent must be signed by the parent or legal guardian in the presence of the operator, and said parent or legal guardian must stay with the minor during the entirety of the tattooing or body piercing process. Tattoo parlors and body piercing facilities shall request identification showing proof of age of every customer, and shall retain a copy of same in permanent records for a period of three (3) years from date of service. Failure to obtain or retain such information shall be punishable by a fine not to exceed Two Thousand (\$2,000.00) Dollars.

Section 15: Penalties: The owners/operators of any tattoo parlor or body piercing facility found to have violated any Section of this Ordinance may be fined an amount not to exceed Two Thousand Dollars (\$2,000.00) for such violation, unless otherwise specified herein.

Section 16: Reopening of Closed Facility: Once a tattoo parlor or body piercing facility has been closed by the Health Officer in accordance with this ordinance, the operator of the parlor or facility may seek to have the business reopened by making written application to the County Health Department setting forth the corrections or changes that have been made as a result of closure. Upon receipt of the written application, the County Health Officer shall inspect the parlor or facility to determine compliance, and if all fines levied in accordance with the violation have been paid, may authorize the reopening of the business.

Section 17: This Ordinance replaces Ordinance No. 2004-20, and is effective upon passage.
